

BREEAM In-Use International 2015

PN290

The New BREEAM In-Use International Online system will be available for all users on 16th March 2015. Please visit <http://www.breeam.org/page.jsp?id=378> from this date for a link to the new system.

This new online version of BREEAM In-Use will be replacing the current BREEAM In-Use Online system (UK Baseline 2009) and BREEAM In-Use International (Manual Excel Version 2013) from this date. Below is a summary of how the two existing versions will be phased out and what this means in terms of registrations and existing assessments:

BREEAM In-Use Online system (UK Baseline 2009)

- The Current BREEAM In-Use Online system (UK Baseline 2009) will close for New Registrations and Re-measurements of existing assets from 15th May 2015 onwards
- Up until this date clients can continue to purchase credits, register organisations and register assets on this version of the system
- Any outstanding online registration credits not used by this date, will no longer be accessible on this version of the system. BRE Global Ltd will transfer any outstanding credits to new accounts on the BREEAM In-Use International Online system at the request of the client
- The BREEAM In-Use Online system (UK Baseline 2009) will remain open for a period of 1 year from 15th May 2015 for any open measurements to be completed and certification sought. Any open measurements will be closed 1 year from the date they are registered or once certification is sought (As per the standard terms of a BREEAM In-Use Registration)
- The official close date for certification of any open measurement in this system will be 15th May 2016
- Until the official system close date of 15th May 2016 users will be able to log into the system to view assessment data, however this data will be locked and users will not be able to purchase registration credits, register new assets or re-measure assessments
- Please note: Until 15th May 2015 clients will be able to transfer registration credits from this version onto the new system; however BRE Global Ltd will not be transferring any data from the existing BREEAM In-Use Online system to the new BREEAM In-Use International Online system. Please email Breeam@bre.co.uk to request transfers from BRE Global Ltd

BREEAM In-Use International (Manual Excel Version 2013)

- The current BREEAM In-Use International (Manual Excel Version 2013) version will be open to new registrations until 15th May 2015
- From the 15th May 2015 onwards all new BREEAM In-Use registrations need to be completed using the new BREEAM In-Use International 2015 Online system
- Any assets already registered against this version of BREEAM In-Use International can submit the manual spread sheet for scoring (as per proposal) up to 1 year after the registration date or once certification is sought. (As per the standard terms of a BREEAM In-Use Registration)
- The Official close date for this version will be 15th May 2016
- Please note: Until 15th May 2015 clients will be able to transfer registration credits from this version onto the new system; however BRE Global Ltd will not be transferring any data from the existing BREEAM In-Use Online system to the new BREEAM In-Use International Online system. Please email Breeam@bre.co.uk to request transfers from BRE Global Ltd

BREEAM In-Use International 2015

PN290

General

- For certificates that have already been issued or are issued during the time frames outlined above, the standard certificate rules will apply; Part 1 and 2 certificates can be renewed for an additional two years if no significant changes have been made. Certificates that renew in this way will be renewed under the name of the scheme version that the initial certificate was issued
- Any recertification of Part 1, Part 2 and Part 3 assessments after 15th May 2015 will have to be done on the new BREEAM In-Use International online system

Figure 1 below outlines the timeline demonstrating the changes:
